

NEWSLETTER

Dear Families,

October has been a fun month! We've built on our September routines and continued to explore exciting learning opportunities across all subjects. Here are some of the highlights of what we have been learning!

Wellness

- Focused on respect — thinking before speaking and making positive choices
- Discussed real-life scenarios and how to respond respectfully

Literacy

- Writing projects are almost complete & will be sent home soon
- Finished our novel study exploring plot, setting, conflict, and character
- Starting literacy rotations to build fluency, spelling, writing, and comprehension

Math

- Wrapping up place value unit
- Practicing multiplication, estimation, and rounding, adding and subtracting
- Please continue multiplication fact practice nightly

French

- Reviewed school vocabulary, colors, numbers, greetings, weather, and introductions
- Working on a French writing piece about ourselves
- Next: clothing unit!

Science

- Continued exploring human body systems
- Completed Halloween-themed experiments using questioning and scientific thinking

Art & Music

- Created Halloween clay sculptures — from brainstorming to building, painting, and polishing
- Performed our Halloween song at the school concert
- Explored body percussion and rhythm patterns using classroom instruments

Notes from the Teacher

- Check your child's home folder/agenda for pizza and milk updates each week
- I note the remaining balance at the top of the page weekly
